Air Charter Service Inc. don't believe in voicemail or call centers - our charter experts are available to you 24 hours a day, seven days a week.

Use the Fast Quote above to send details of your requirements .

## FAA / Air Safety

Air Charter Services Inc. is at the forefront of airplane safety. ACS accesses the latest aviation intelligence reports in order to gain insight into the advanced safety operations available to air charter carriers. The more influential bodies, set up to ensure a high level of air safety within the Air Charter Industry, are:

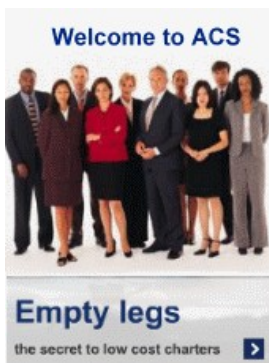

### The Wyvern Standard™

The Wyvern Standard™ is an enhanced set of safety measurement criteria. These are used to ensure that a specific level of air safety has been achieved and is maintained by an air charter operator. Wyvern maintains the leading worldwide marketplace for the business of air charter and the most comprehensive platform for the auditing and reporting of safety information for Part 135 and Part 91 private aviation companies.

### TripCHEQ

The ARG/US TripCHEQ provide air charter customers with a comprehensive analysis of a company's credentials specific to a trip. Enter four pieces of information about your trip, and engage the resources of the largest aviation safety database in the world. The TripCHEQ system tracks pilot certifications, type ratings, accidents, incidents, violations, operator certificates, and operational control of aircraft.
